Grade Level Data

Grade Level	Current Enrollment	Community Demand # of In-person Learning responses	Max number of students for IPL in two classes per grade level	Total Responses	IPL Rate (per responses, not enrollment)	Survey Response Rate
PK3	58	34	16	64	53%	110%
PK4	79	47	20	91	52%	115%
K	78	43	20	79	54%	101%
1	76	35	22	79	44%	104%
2	87	32	22	75	43%	86%
3	98	26	22	89	29%	91%
4	96	21	22	69	30%	72%
5	75	9	22	36	25%	48%

Some curious response rates here. There weren't controls to limit one parent per student to respond to the survey nor is it possible to eliminate duplicate responses as student identifiers were not collected in the survey. It's important to keep in mind that trends and generalities are the take-aways from this survey, not specifics, when it comes to assessing community demand.
